Features of academic language and writing; using definitions, concepts and terms in academic writings; objective and subjective expression; structure and types of academic texts (articles, reports and scientific abstracts, etc.); making a claim, proposition (justifying, defending, or opposing an idea); formal features of scientific reports and articles; the steps of writing a report; explanation, discussion, establishing intertextual relations, citing references (citing and footnotes, bibliography); writing titles, summarizing, writing keywords; ethical principles to be considered in scientific writings; academic writing practices.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
RPD102	Developmental Psychology 1	(2,0,0)	2	5	Compulsory

Basic concepts and principles related to development, factors affecting development: hereditary factors, environmental factors, historical time factor; developmental theories: Freud's psycho-sexual development theory, Erikson's psycho-social development theory, Piaget's cognitive development theory, Maslow's personality development theory, Levinson's development theory, ecological approach (Bronfenbrenner); prenatal development, physical development in childhood, cognitive development, personality development, moral development; bodily development in adolescence, developmental

tasks specific to adolescence, cognitive development in adolescence, personality development, moral development and psycho-social development.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
RPD104	Physiological Psychology	(2,0,0)	2	5	Compulsory

Field and research methods of physiological psychology; physiology and anatomy of the organism, behavioral mechanisms, sensory functions, motor functions and emotions, motivation and physiological basis of motivation, functional disorders and the causes of these disorders.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
RPD106	Guidance and Psychological Counseling in Schools	(2,0,0)	2	5	Compulsory

Basic concepts and principles of RPD, history, field and branches of RPD; research and evaluation methods used, counseling process, counseling theories, school counseling models (traditional and developmental), school counseling approaches (crisis-oriented, curative-remedial, preventive and developmental), the purpose and principles of the traditional school counseling model, role and functions of the traditional school counselor, the purpose, principles and program of the developmental school counseling model (Comprehensive Developmental Guidance Program), basic services/interventions and the roles and functions of the developmental school counselor; Purpose and principles of developmental and preventive approach in RPD, importance of life skills training in developmental approach, positive youth development approaches and prevention levels in preventive approach (basic, second and third level).

III. Semester / Fall Semester

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
GEF201	Teaching Principles and Methods	(2,0,0)	2	3	Compulsory

Basic concepts of teaching principles and methods; teaching-learning principles, models, strategies, methods and techniques; setting goals and objectives in teaching; content selection and arrangement in teaching and learning; teaching materials; instructional planning and instructional plans; theories and approaches to teaching; effective school teaching, learning and success in learning; evaluation of classroom learning.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
PMB201	Open and Distance Education	(2,0,0)	2	4	Elective

Basic concepts and philosophy of open and distance learning; development of distance education in the world; The development of distance education in Turkey; learner and guide roles in distance education; technologies used in distance education; management of open and distance education; classroom management and its components in open and distance learning; open educational resources and trends in the world; massive open online courses; personalized learning environments; problems related to open and distance education and their solutions; open and distance education practices in teacher training; individual teaching material development and student support services in open and distance education; determining instructional strategies for different learning situations; research and evaluation in distance education.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
PAE401	Career Planning and Development	(2,0,0)	2	3	Elective

Concept of career, career planning and stages; individual career development, creation of career strategy; career planning model, career options in related teaching fields; CV preparation and CV types, CV format and examples, points to be considered in CV preparation; cover letters, introductory letters, job interviews, objectives, methods and types, interview preparation and interview stages; situations that may be encountered in negotiations; question types, body language-bodily signs.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
PAE201	Child Abuse and Neglect	(2,0,0)	2	4	Elective

Basic concepts of child abuse and neglect; child rights, theories and models, effects of child abuse and neglect on children, therapeutic aid process; psycho-educational programs on child abuse and neglect, laws on child abuse and neglect, research on child abuse.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
RPD201	Developmental Psychology 2	(2,0,0)	2	4	Compulsory

Transition to adulthood (emerging adulthood); basic characteristics of young adulthood, developmental tasks specific to young adulthood, establishing close relationships in young adulthood, adaptation to working life in young adulthood; basic features of middle adulthood, developmental tasks specific to middle adulthood and problems that may be encountered, physical development in middle adulthood, cognitive development in middle adulthood, personality development in middle adulthood, psycho-social development in middle adulthood; Basic features of old age, developmental tasks specific to old age, physical development in old age, personality development in old age, cognitive development in old age and psycho-social development in old age.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
RPD203	Learning Psychology	(2,0,0)	2	4	Compulsory

Basic concepts and principles related to learning, factors affecting learning (learner, learning material, learning strategy, learning environment), learning theories (behavioral approach, cognitive approach, humanistic approach), effective learning methods and techniques.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
RPD205	Social Psychology	(2,0,0)	2	4	Compulsory

Social psychology field and research methods; theoretical approaches to social perception and social cognition, attitudes and attitude change; psychological processes affecting social behavior, social influence and conformity, group dynamics, interpersonal relations

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
RPD207	Basic Statistics	(2,0,0)	2	4	Compulsory

Basic concepts of statistics, data organization, descriptive statistics, probability calculations, probability distributions, parametric and nonparametric hypothesis tests, correlation and its types, simple linear and multiple regression analyses, t tests, analysis of variance and application of these statistics in package programs.

IV. Semester / Spring Semester

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
GEF108	Turkish Education History	(2,0,0)	2	3	Compulsory

The subject, method and sources of Turkish education history; education in the first Turkish states; education in the first Muslim Turkish states; Education in Türkiye Seljuks and Anatolian Principalities; Education in the Ottoman Empire: The education system until the first innovation

movements; 13-18. education in Turkish states outside the Ottoman geography in the centuries; Innovation movements in education in the Ottoman Empire until the Tanzimat; The establishment of the modern education system from the Tanzimat to the Republic; reorganization of traditional education; 19-20. education in other Turkish states and communities in Eurasia in the centuries; education in the period of national struggle; Education in the Republic of Turkey: 8 foundations, structure, establishment and development of the Turkish education system; teacher training process from the beginning to the present; Education in the Turkish world in the 21st century; common goals, language and alphabet unity, joint history writing exercises.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
GEF203	Research Methods in Education	(2,0,0)	2	3	Compulsory

Basic concepts and principles related to research methods; research process (recognizing the problem, identifying the problem and sample, collecting and analyzing data, interpreting the results); general characteristics of data collection tools; analysis and evaluation of data; access to articles, theses and databases; research models and types; basic paradigms in scientific research; quantitative and qualitative research patterns; sampling in qualitative research, data collection, data analysis; validity and safety in qualitative research; article or thesis review, evaluation and presentation; preparing a research report in accordance with research principles and ethics; action research in education.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
PGK202	Turkish Sign Language	(2,0,0)	2	4	Elective

Basic concepts of sign language; Turkish sign language, its history and features; letters in Turkish sign language; sound information; internal structure of the sign, simultaneity and succession; hand alphabet in terms of phonetics; morphology in sign language, structuring and shaping of the sign; word classes and pronouns; syntax in sign language; word order, sentence types; question sentences; semantics in sign language; meaning and reference, types of meaning, idioms; Conversation with Turkish sign language.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
PGK201	Human Relations and Communication	(2,0,0)	2	3	Elective

Definition and classification of interpersonal relations; theoretical approaches to interpersonal relations (psychoanalytic, attachment, contemporary theories); theoretical approaches about interpersonal relations (social, psychological, cognitive theories); interpersonal relations as a developmental process (infancy and childhood, adolescence and adulthood); factors affecting interpersonal relations; gender, gender roles and interpersonal relationships; self-adaptation and self-disclosure in interpersonal relationships; communication and communication errors; effective communication skills; interpersonal problems, conflict and conflict resolution approaches; human relations in terms of intercultural differentiation.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
GEF302	Community Service Practices	(1,2,0)	2	3	Compulsory

Society, community service practices and social responsibility concepts; social responsibility projects in terms of social and cultural values; identifying current societal problems; preparing projects for the solution of identified social problems; voluntarily taking part in social responsibility projects individually and as a group; participating in social responsibility projects in various institutions and organizations; participating in scientific events such as panels, conferences, congresses, symposiums as audience, speaker or organizer; Evaluating the results of social responsibility projects.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
PDR311	Psychological Counseling with Children and Adolescents	(2,0,0)	2	4	Elective

Developmental characteristics of children and adolescents and their reflection on the counseling process; principles and techniques in the process of psychological counseling with children and adolescents; planning the counseling process, structuring and managing the counseling session; Counseling theories that are effective when working with children and adolescents, individual and group counseling with children and adolescents, counseling with different children and adolescents, psychological counseling after/after divorce, ethical and legal issues.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
PDR305	Personality Theories	(2,0,0)	2	2	Compulsory

Basic concepts of personality, development of personality, harmony and mental health; characteristics and comparison of personality theories, associating personality theories with field applications.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
PDR303	Life Cycles and Adaptation Problems	(2,0,0)	2	2	Compulsory

Considering the concepts of normality and abnormality from different perspectives, diagnostic systems and criteria for adjustment disorder in diagnostic systems, differential diagnosis criteria for the diagnosis of adjustment disorders (post-traumatic stress disorder, oppositional defiant disorder, aspects of conduct disorders), adjustment disorders according to age periods. reasons for taking it, protective factors and risk factors in adjustment disorders; First childhood, second childhood, adolescence, young adulthood, adulthood, old age adjustment disorders and coping with them

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
RPD204	Character and Value Education	(2,0,0)	2	3	Compulsory

Conceptual framework: Character, personality/personality, value, virtue, morality, temperament, etc.; character development and education; family, environment and school in character development and education; definition and classification of values; the sources of values and their individual, social, cultural, religious, moral foundations; character and value education approaches and practices; intercultural differentiation and coexistence culture in character and value education; character and value education in terms of educational philosophy and goals; teaching methods and techniques in character/value education; the crisis of values and education in modern and multicultural societies; value education in the human-cultural development process; Examples of values education from Turkish education and cultural history, values education practices and researches in Turkey; teacher as a role model in character and value education.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
PDR202	Non-Test Techniques	(1,2,0)	2	3	Compulsory

The development and implementation of non-test self-explanatory techniques such as interviews, questionnaires, information collection slips, ticking lists, timeline, autobiography, as well as observation, rating scale, sociometry, observational techniques such as case study, case recording, validity and reliability. carrying out related work

V. Semester / Fall Semester

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
PDR309	Turkish Education System and School Management	(2,0,0)	2	3	Compulsory

The formation of education systems and the structure of the Turkish education system; Basic laws regulating the Turkish education system; Central, provincial and foreign organization of the Ministry of National Education; Education levels in the Turkish education system; Manpower, physical, technological and financial resources in the Turkish education system; Reform and innovation initiatives in the Turkish education system; organization-management theories and processes; school as a social system and organization; human resource management; student personnel affairs; jobs related to education and training; school management jobs; school, environment, community and family relations; Current discussions and trends about Turkish education system and school.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
GEF211	Measurement and Evaluation in Education	(2,0,0)	2	3	Compulsory

The place and importance of measurement and evaluation in education; basic concepts of measurement and evaluation; psychometric (validity, reliability, usefulness) properties of measurement tools; development and implementation of achievement tests; interpreting test results and giving feedback; analysis of test and item scores; evaluation and grading.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
PDR405	Learning Disability	(2,0,0)	2	4	Elective

Definition, characteristics and classification of learning disability: Educational, psychological, medical factors; prevalence and incidence; causes of learning difficulties; early intervention; response model to intervention; screening/diagnosis: medical, developmental and educational screening/diagnosis; academic and non-academic characteristics; team and collaboration; educational environments; scientifically based applications; supporting reading, writing and math skills; supporting non-academic skills.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
PMB301	Out of School Learning Environments	(2,0,0)	2	3	Elective

Out-of-school education and learning concepts; scope and importance of out-of-school learning; teaching in out-of-school settings; teaching methods, techniques (project-based learning, station technique, etc.) and teaching materials suitable for out-of-school learning environments; out-of-school learning environments (museums, science centers, zoos, botanical gardens, planetariums, industrial establishments, national parks, science festivals, science camps, natural environments, etc.); development of out-of-school learning areas and environments; planning, implementation and evaluation of out-of-school learning activities.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
PAE302	Family Relations and Communication	(2,0,0)	2	4	Elective

Family structure and interaction patterns, effective communication skills in the family, basic communication skills, me-you-us languages, inappropriate communication languages of family members, peer-to-peer communication, parent-child communication and family-oriented communication training

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
PDR302	Behavioral Disorders I	(2,0,0)	2	3	Compulsory

Causes of behavioral disorders in childhood and adolescence, classification, diagnostic criteria and behavioral disorders in children and adolescents according to DSM V diagnostic criteria, intervention methods and clinical observation.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
PDR401	Psychological Tests	(1,2,0)	2	3	Compulsory

Basic concepts and principles of psychological tests, individual and group intelligence tests, achievement, ability and personality tests, interest inventories, application and evaluation of some tests and inventories.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
PDR301	Counseling Principles and Techniques	(2,0,0)	2	3	Compulsory

Understanding the process and stages of psychological counseling, therapeutic conditions in the counseling process, the importance and function of basic and advanced counseling skills, creating therapeutic conditions and establishing a counseling relationship; using basic psychological counseling skills, sample applications related to the topics covered.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
PDR304	Counseling Theories	(2,0,0)	2	2	Compulsory

Mainstream psychological counseling theories, the concepts, principles and techniques that form the basis of these theories; Having knowledge about evaluating and conceptualizing client problems within the framework of mainstream counseling theories and sample applications.

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
PDR307	Vocational guidance	(2,0,0)	2	2	Compulsory

Basic concepts and principles related to vocational guidance and career counseling; Psychological factors affecting the career development process, other factors affecting the career development process, psychodynamic and developmental approaches in career counseling, Vocational Guidance and Career Counseling in Turkey.

VI. Semester / Spring Semester

Course Code	Course Name	(T,A,L)	Credit	ECTS	Compulsory/Elective Course
